Cybersecurity team

Contact

When contacting the e-Health Centre Cybersecurity Team, please label the information in accordance with the Traffic Light Protocol (TLP) rules. Correspondence labelled by TLP should indicate colour in the e-mail subject and contents, directly before the specific information itself.

The TLP colour must be indicated in all capital letters:

| TLP: RED	TLP: AMBER	TLP: GREEN	TLP: WHITE
The recipients shall not disclose the received information with anyone, except for the other recipients of the messages.	The recipients may disclose the information solely within the constraints of their organisation (as well as its clients) with persons, who must read the messages and only in the scope necessary to take up appropriate actions.	The recipients can share the information with their co-workers, within their own and their partners' organisation and in their own environment. The information however must not be shared via public communication channels.	The distribution of information shall not be subject to any limits (except for authorship rights).

Contact with the Cybersecurity Team, e-mail: csirt@cez.gov.pl

Please provide the following information in the application:

- contact details and organisational information,
- name and surname and name and address of the organisation,
- e-mail address,
- telephone number,
- IP address(es), FQDN(y) and all the other appropriate technical element including the related observation,
